PROFESSIONAL SUMMARY

Computer Applications graduate currently pursuing MCA, with hands-on experience in Python, Java, and the MERN Stack (MongoDB, Express.js, React.js, Node.js). Built practical projects including a career guidance platform for students, an automated university seat allotment system, and a scam detection application. Strong foundation in programming, database management, and web development, combined with proven decision-making, adaptability, and team collaboration skills. Motivated to apply technical knowledge and problem-solving ability to contribute to a growth-focused development team.

TECHNICAL SKILLS

- Programming Languages: C, C++, Java, Python
- Web Technologies: HTML, CSS, JavaScript, Bootstrap
- Frameworks & Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Tools & Platforms: Git, GitHub, VS Code, WordPress

PROJECTS

Career Guidance Website for Students *Python | Undergraduate Project*

- Developed a Python-based web application to help students explore career paths based on their interests, skills, and academic background.
- Designed an intuitive interface providing personalized course and career recommendations to guide student decision-making.

University Auto Seat Allotment *MERN Stack | Postgraduate Project*

- Automated seat allocation for university admissions based on merit, preferences, and seat availability.
- Built an admin dashboard to monitor and manage the allotment process in real time.

Scam Detection System *React, MongoDB, Python | Postgraduate Project*

- Built a full-stack application to identify and flag potentially fraudulent transactions and messages using a Python-based detection model.
- Designed a React front end connected to a MongoDB database for real-time monitoring and reporting of flagged activity.

EDUCATION

Master of Computer Applications (MCA) *2025 – 2027 (Pursuing)*

- Focused on advanced computing, web technologies, and software development.

Bachelor of Computer Applications (BCA) — Thiruvalluvar University *2025*

- Aggregate: 82.4%

HSC (XII) — Government Girls Hr. Sec. School *2022*

- Aggregate: 78.3%

SSLC (X) — Government Girls Hr. Sec. School *2020*

- Aggregate: 66.2%

CERTIFICATIONS

- Honours Diploma in Computer Application (HDCA)
- Internship in Web Development

CONFERENCES & WORKSHOPS

- Workshop on Blockchain Technology
- Workshop on Virtual Reality

CORE STRENGTHS

- Decision Making
- Adaptability
- Team Building & Collaboration

LANGUAGES

- Tamil — Native proficiency
- English — Professional working proficiency
- Telugu — Conversational proficiency
